"Kelly absolutely puts the "resource" in the term HR. I continue to be amazed with Kelly's abilities - not just in terms of 'doing the job,' but also the intangibles. For instance, regardless of to whom you spoke, anyone in the office with any HR need always went directly to Kelly. In a company where immediate turnaround and going the extra mile are the key to success, I always knew I could count on Kelly. Whether it was something as simple as interpreting the effects of a new PTO rule or as complex as seeking Kelly out specifically for counsel on a very sensitive personnel matter, Kelly was always the one for the job. I would wholeheartedly recommend Kelly to any company looking for 'soup to nuts' human resource needs."
